

ADM-3

DD/S&T-1861-63

28 October 1963

MEMORANDUM FOR: Deputy Director (Science & Technology)

SUBJECT : People

1. Dr. Scoville suggested that maybe Jim Baker of Harvard would be suitable as a leader for the C/M study group. He does not know if Baker is available.

2. In regard to Rod Scott of PE, Pete thought that Rod could also head the study group and, since PE has no satellite hardware development, Scott would be free of any contractor contamination.
